Sure look good but it..  
Don't mean a thang to me  
Well you sure look good but it..  
You don't mean a thang to me  
I've got a hip shakin' woman.  
She shake like a willow tree

You went away baby..  
You got back just a little too late  
You went away baby..  
You got back just a little too late  
I've got a hip shakin' woman boy.  
Shake like jello on a plate

When my baby walks now  
Lord you know she mellow  
Well my baby walks you know  
Lord you know she mellow  
I got a hip shakin' woman boy  
Her face taste just like jello

Shake it baby  
Shake it for me  
Shake it baby  
Shake it for me  
I got a hip shakin' woman boy  
Shake like a willow tree, Awww
