Stranded in St. Louis
My baby's down in San Antonio
Stranded in St. Louis
My baby's down in San Antonio

I don't know why the woman left me
All I know is my baby's gone

Goin' out on the highway
I try to sell myself a ride
Goin' out on the highway
I try to sell myself a ride

I will never be happy
Until my baby's by my side

Please get me to Kansas City
I'll make any chances on my own
Hey, please get me to Kansas City
I'll make any chances on my own

Just thinkin' 'bout my baby
Will bring me home to San Antonio
