I didn't say we wouldn't hurt anymore
That's how you learn, you just get burned
We don't have to feel like dirt anymore
Though love's not earned, baby it's our turn

We were always looking for true north
With our heads in the clouds, just a little off course
But I left that motor running
Now if you're feeling down and out

Come on, baby, drive south with the one you love
Come on, baby, drive south with the one you love

I'm not talkin' 'bout retreatin' little girl
Gonna take our stand, in this Chevy van
Windows open on the rest of the world
Holdin' hands, all the way to Dixieland

We've been tryin' to turn our lives around
Since we were little kids, it's been wearin' us down
Don't turn away now darlin' let's fire it up and wind it
out

Come on, baby, drive south with the one you love
Come on, baby, drive south with the one you love

Now I heard your mama callin', I think she was just
stallin'
Don't know who she was talkin' to, baby, me and you
We could go down with a smile on, don't bother to pack
your nylons
Just keep those pretty legs showin', it gets hot down
where we're goin'
Better for you, baby

We were always looking for true north
With our heads in the clouds, just a little off course
Oh, I left that motor running
Now if you're feeling down and out

Come on, baby, drive
Come on, baby, drive south with the one you love

Come on, baby, drive south with the one you love

Come on, baby, drive, come on, baby, drive south
Come on, baby, drive south with the one you love
Come on, baby, drive south with the one you love
