I'm dirty as a manhole cover
I'm lookin' for my long lost lover
She turned me out and now I'm sinkin'
I'm just so easily led, when the little head does the
thinkin'

I'm talking with a tight red sweater
I'm feelin' like Eddie Vedder
Only twice as cool, when she starts winkin'
I'm just so easily led, when the little head does the
thinkin'

I'm loyal as a dog, but I'm a hog for that sexual
attraction
It starts up in my mind and it makes a bee line below
the belt
No consequences, just satisfaction

Baby in my heart, I'm faithful
This two headed monster is so distasteful
Forgive me when my instincts start stinkin'
I'm just so easily led when the little head does the
thinkin'
I'm just so easily led when the little head does the
thinkin'
Think about it

Forgive me if my instincts start stinkin'
I'm just so easily led when the little head does the
thinkin'
