Minutes turn to days  
Years just melt away  
In the park at dawn  
Just a flower on

I keep callin' to you  
My baby blue, my baby blue  
I keep callin' to you  
My baby blue, my baby blue

We discovered love  
In the basements of  
Some of my best friends  
I've never seen again

I keep callin' to you  
My baby blue, my baby blue  
I keep callin' to you  
My baby blue, my baby blue

I keep callin' to you  
My baby blue, my baby blue  
I keep callin' to you  
My baby blue, my baby blue

Oh, so young and oh, so tender  
Almost hurts too much to remember  
As if the weight of your head on my shoulder  
By itself would make us older

If I could time it right  
I'd be with you tonight  
Out among the stars  
Is that where you are?

I keep callin' to you  
My baby blue, my baby blue  
I keep callin' to you  
My baby blue, my baby blue

I keep callin' to you  
My baby blue, my baby blue

I keep callin' to you  
My baby blue, my baby blue
