Well the ace of spades, walkin' on the water  
The joker's only daughter, in love with the king of hearts  
Ooooh and the jack of clubs is kissin' the queen of diamonds  
Oh, she's such a shy one, until that dancing starts

It's a house of cards  
I guess it can blow too hard and the aces all fall down  
But there's no one to blame  
In the number one honest game  
Playin' the number one honest game

You got deuces wild, go find yourself a partner  
Tell her that you love her, before she checks your bet  
Seven's up try again tomorrow, it's only a life of sorrow  
This love you can't forget

It's a house of cards  
I guess it can blow too hard and the aces all fall down  
But there's no one to blame  
In the number one honest game  
We're playin' the number one honest game

Girl, my heart's not rigged nor gone astray  
I'm lookin' for that timeless game to play  
The way you move fills me with desire  
But if you play with me, girl, you're playin' with fire...I'm burnin' up

Count your suits, add up all your markers  
Now that you have found her, you take the love you want  
Ooooh, you want mine, I'd give you kind and gentle  
Just forget the mental, you put your heart in front

'cause it's a house of cards  
I guess it can blow too hard and the aces all fall down  
But there's no one to blame  
In the number one honest game  
We're playin' the number one honest game  
Playin' the number one honest game

Playin' the number one honest game...
