I'm goin' out and get me some sun
Gonna collect it baby
Then we can have a whole lot of fun
Gonna reflect it baby
That fossil fuel's got no renewal
You know it couldn't hold a candle
There ain't no spark in the dark
Can touch my solar - Solar sex panel
Got a fire up on top of my head
I'm a love regenerator
Why don't you get up off your tanning bed
I'm an ultra-violet Penetrator
Don't sweat and toil with no heating oil
'Cause Momma I'm hot to handle
Gonna turn you up, gonna burn you up
With my solar - Solar sex panel
Got a headache burnin' bad gasoline
Well, I'm gonna relieve it baby
My solar powered lovin' burns clean
And you're gonna receive it baby
And it's rude if it's crude
Better try my solar - Solar sex panel

Better try my - Come and get my

Solar sex panel

I'm gonna turn you up

I'm gonna burn you up

Better bet your ass I won't run outta gas
