Ahh ha ha
Let me hear ya get funky now

Ahh ahh huu
When your heart touches mine
And my thoughts get explode
When our wires get crossed, huu
And the fire burns my soul
(Ahh)

Then I know, you're home
When you shine your light
And I don't have to use the phone
To call you

Baby, when you hold me tight
We can count heartbeats and squeeze
Baby, when you hold me tight
You can really make a man say, please, please, please
(Please, please)

When I'm down to my last
Cigarette in your bed
And the smoke rings blow
(Ohh)
(Woo ooo)
Through the dreams in your head
(Dreams)

And we burn through the dark
(Woo)
(Through the dark)
With a light so bright
(Ahh)
(So bright)
And the hardest part is leavin'
(Part)
(Hey)

Baby, when you hold me tight
We can count heartbeats and squeeze
Baby, when you hold me tight

You can really make a man say, please, please, please
(Please, please)

Please don't ever let go
Please don't ever let go
Please don't ever let go
Good God it hurt me so
(Ahh)
Baby please don't let go
Please don't ever let go
(Go)
Please don't ever let go
(Go)
Baby 'cause it hurt me so
Hoo

Hey baby
When the morning comes
(When it comes)
And you're still here with me
(Babe)
(Here with me)
And you give me some
(Ahh haa)
Of your sweet mystery
(Sweet)

And it feels so real
And it feels so right
(So right)
And I want your love
(Want)
(Your love)
Forever
(Forever)

Baby, when you hold me tight
We can count heartbeats and squeeze
Baby, when you hold me tight
You can really make a man say, please
(Please, please ahh hoo)

Baby, when you hold me tight
(Hold me tight)
We can count heartbeats and squeeze
(Squeeze)
Baby, when you hold me tight
(Hold me tight)
You can really make a man say, please
Please, please, please, please
(Please, please)

Hmm mmm
