There's a town down the road  
Where I ain't been before  
Nobody knows my name  
Or what I'm lookin for

Maybe things will be a little different  
'Cause they can't stay the same  
I'm gonna ease on down the road  
Where nobody knows my name

I've got to keep the dust a' movin'  
Up around my heels  
There might be a change for me  
Just over that distant field

Even when the past comes callin  
Lookin for somebody to blame  
I'll be easin on down the road  
Where nobody knows my name

When the burnin sun surrenders  
Will he still remember me  
I never told him I was goin  
Out where the wind is blowin free

If he thinks about me tonight  
I know he won't miss the pain  
Cause I'll be takin it down the road  
Where nobody knows my name

When the burnin sun surrenders  
Will he still remember me  
I never told him I was goin  
Out where the wind is blowin free

If he thinks about me tonight  
I know he won't miss the pain  
I'll be takin it down the road  
Where nobody knows my name

I'm gonna ease on down the road  
Where nobody knows my name
