A play on words or words on play  
Last chapter, verse in the final act  
Words well scripted, each sentence choking  
Inaudible gay, blanket which suffocates

As you eat another's words  
Malnourished, you starve

Silence has a definition  
Vocabulary of muted diction  
Precise thought to mis-comprehend

Ambiguity in high resolution  
Articulate expletive fiction  
Open to misinterpretation  
So precise

Silence has a definition  
A vocabulary of muted diction  
Articulate, expletive

Condensed meaning, making no sense  
Open mouth the lines  
In stressed expression, understand the silence  
The piercing calm, sour music to your ears

As you regurgitate another's words  
In their shallowness you drown

Silence has a definition  
Vocabulary of muted diction  
Precise thought to mis-comprehend

Ambiguity in high resolution  
Articulate expletive fiction  
Open to misinterpretation  
So precise

Silence has a definition  
A vocabulary of muted diction  
Articulate, expletive

A play on words, making no sense

Which makes no sense

Which makes nonsense
