"Feathers & Down"

So you're trying to do what they did,
Your friends that turned to liquid,
And got lost in a sea...
Now you're drowning me

With your talk of four-leaf clovers
You turn to rock the no-man
To be the ambient heart
That is bruising your karma

Oh, I wish my arms were wider,
I wish that I could hide you,
So you can rest and repair
Without the blanket of sorrow...

The thick and the gray,
Your blanket of woe
Is so heavy and stained
And it only waste you down

Oh...

So youve thought that getting sober
Will mean your life was over...
I don't think it's that bad,
I don't think it's that sad.

Just you sleep a little baby,
Live the world alone and later,
If you wake up alive,
That old blanket of sorrow

Could be feathers and doom
Your blanket of woe
Would leave you alone
And I can only tell you to drown

Come to me, lets drown,
Come baby, lets drown
In feathers and down.
