"Lavaging Expectorate Of Lysergide Composition"

Visit "[Lavaging Expectorate Of Lysergide Composition](#)" on MotoLyrics.com

(Music: Steer)

(Lyrics: Walker)

(Lead: Administration of toxic compounds by M. Amott)

Officinal - immiscible compounds are mixed,

A gagging expectorate, of lysergic acids,

Premensely emerged, consciousness slowly sips,

Peculated, in an ebriatng narcocis...

...Cataleptic,

Imbibe...neurotripsick...

(Leads: Gross disorientation by W.G. Steer)

Neurally numbed, a narcosis so trans-lucid,

So pernicious, hallucigenics,

Procreating, ocular contortion,

Your idiosyncrassy, is now expropriated...

...Extirpation,

Mind..termination...
