"The Road"

Visit "[The Road](#)" on MotoLyrics.com

We've gone a long way
So why don't we stay here?
The hour is late
And this ain't a bad place
So why don't we stay?

The road's an old friend, we've walked it forever
And wandered away

Away...

Got dirt in my eyes
And ran out of water, conversations ran dry
We got lost in the highway
We're stuck in the north now
So why don't we stay?

The road is my friend, but friends are forever
And roads like to bend

Bend...

We've gone a long way...

No radio stations,
No signal to send
The road is my friend
But this is the end

The end ...
