The spirit distilled, the soul is bought.  
The D.N.A. split, the virus is caught.  
The germination of reproduction,  
Complex patterns of genetic devolution.  
The die is cast.

Birth, copulation, and death.  
Is this your life?  
Birth, copulation, and death.  
Is this the meaning of life?

Is this the genesis of devolution?  
The die is cast.

Birth, copulation, and death.  
Is this your life?  
Birth, copulation, and death.  
Is this the meaning of life?

(lead - Steer)

Birth, copulation, and death.  
Is this your life?  
Birth, copulation, and death.  
Is this the meaning...

Birth, copulation, and death.  
Is this your life?  
Birth, copulation, and death.
