"This Mortal Coil"

Tearing down the walls
Breaching frontiers, unlocking the gates
To a new world disorder
A fresh balance of terror, the equilibrium of hate

Arch aid nescience unleashed
Entrenched, a bitter legacy
Tempered in mental scars
All flesh entwined in mortal equality

Tangled mortal coil

Twisted and warped
Tangled mortal, yeah

Tangled mortal, yeah

Tearing down the walls
Breaching frontiers, unlocking the gates
To a new world disorder
A fresh balance of terror, the equilibrium of hate

Twisted and warped
Tangled mortal coil
