Verse 1

You come around girl all the time
We spend our late nights drinking up wine
Don't really know where we stand
When we're together walking hand and hand
I met you through a friend of mine
I feel like I know you for a long long time
I'm really glad I met a girl like you
You pick me up when I'm feeling blue

Chorus

You're my dream girl looking out of sight
You're my dream girl your alright
You're my dream girl all the way
Where are you today

Verse 2

You drive me fast like a racing tire
You have a way to set my pants on fire
I don't know what I'm going to do
I'm going crazy when I think about you
We had our times good and bad
When we're not together girl I'm feeling sad
Time is a thief so they say
It brought us together and it took us away

Chorus

You're my dream girl looking out of sight
You're my dream girl your alright
You're my dream girl all the way
Where are you today

Solo

Verse 3

Now I know this is meant to be
The hands of time has brought you back to me
I really knew it from the start

Our true feelings can't keep us apart
I'm so glad you're with me
Let's settle down and make a family
Live and learn is what they say
We'll be together girl each and everyday

Chorus

You're my dream girl looking out of sight
You're my dream girl your alright
You're my dream girl all the way
You are mine today
