### Verse 1

I've got troubles to my left troubles to my right  
They stick around for days I can't solve them overnight  
There seems to be a problem that may never have an  
answer  
It's called love and for some it's here forever

### Chorus

Love can be so hard and cruel  
So make this your golden rule  
Sometimes you win sometimes you lose  
But don't play the part of the fool

### Verse 2

Love has been around as long as life itself  
It's just a game we play and we can't play ourselves  
So all I have to say don't let it get you down  
There's never been an answer so don't expect one now

### Chorus

Love can be so hard and cruel  
So make this your golden rule  
Sometimes you win sometimes you lose  
But don't play the part of the fool

Musical bridge to guitar solo

### Verse 3

So now you know about this thing called love  
Your troubles can be solved you just have to give it  
time  
When everything is fine love shows it's ugly head  
Don't play this game stay away instead  
Chorus

Love can be so hard and cruel  
So make this your golden rule

Sometimes you win sometimes you lose  
But don't play the part of the fool
