Words and music by R. Armand and K. Chater

Just another song about leaving
Another story 'bout the road
And if my going is grieving you
I never said that I was good
Heroes and devils on the highway
Thinking 'bout you is getting in my way
Heroes and devils ain't supposed to have a soul

Just another way I was goin'
Another try at being kind
And if my purpose was knowing you
I guess it kinda slipped my mind
Heroes and devils on the highway
Thinking 'bout you is getting in my way
Heroes and devils ain't supposed to have a soul

Just another face I was seeing
Another game that I could try
And if my lovin' was freeing you
I was good at telling lies
Heroes and devils on the highway
Thinking 'bout you is getting in my way
Heroes and devils ain't supposed to have a
soul
But I don't know
