[chorus]

I love you mum  
I love you mum  
You the reason why i live  
You the reason why i breathe

[Verse 1]

The mothers love is a perfect love  
Not the same with any body 'else love  
You cared me in your stomach  
For nine months

you had a lot to do  
but you left everything  
just me  
my life  
my wife  
my future  
it was all hidden  
it still God secret  
you didn't abort  
or throw me away  
like these young ladies  
of now days

smoke shit  
drink a lot  
get get pregnant

kills innocents kids  
for not reason  
you stayed a strong lady  
and gave birth to me

I was born sick  
I couldn't eat  
couldn't breathe  
could couldn't even cry  
a lot of people said that i was gona die  
My daddy was smart he weren't a bad guy  
he was a man enough but cried in his heart.

never give up on me  
stayed strong for me  
stayed awake for me  
day and night you cared for me  
and you still care for me

you climbed a lot of hills  
cause i was so ill  
so i can be healed  
be like other like other kids

now i am okay k-ay  
and i'm john k-ay  
i cant even repay,  
everything you did for me

[HOOK]  
for whatever i am  
whatever i do  
its all because of you

[chorus]  
I love you mum  
I love you mum  
You the reason why i live  
You the reason why i breathe

I love you mum  
I love you mum  
You the reason why i live  
You the reason why i breathe

Verse 2

When the bright day came  
I made you go through hell  
It was painful  
but it was gainful

i started crying  
then y'all started laughing  
it was happy day  
I had baby smile  
i had no enemy  
no friends  
no fans

just my mum ma family  
everyone could hold me  
but i could still cry

but when i'm in your hands  
i felt safe

you taught me well  
gave me a Good Discipline  
the world has taught me  
but i choose my way

i don't drink  
i don't smoke  
i don't take weed  
but i'm so fresh

for whatever i gotta do  
i gotta think about my future  
i still use ma mind  
how am goon pay bills

sometimes we argue  
even fight  
but i still think what you did for me

if it wasn't for you  
there would be no John K-ay  
if it wasn't for mothers There would be no TAO BOIZ  
All ladies deserves respect  
you always correct  
ima kill anybody who disrespects my mother

[HOOK]  
for whatever i am  
whatever i do  
its all because of you

for whatever i am  
whatever i do  
its all because of you

[chorus]  
I love you mum  
I love you mum  
You the reason why i live  
You the reason why i breathe

I love you mum  
I love you mum  
You the reason why i live  
You the reason why i breathe
