You're music
When I look
In your eyes
I can see
A never ending story

You're music
When we're close
I can feel in my soul
The love that's deep inside me

Oh my lady my life
When I near you
My body can't deny what it feels
Oh I need you I want you
To surrender in my arms tonight

You're music
There's a voice in my heart
I can hear
All the songs we've shared together

You're music

Every word every thought is alive
Making moments last forever

And with every beat of my heart
I long for your touch
And with every breath that I take
The more I love the love we make

You're music
When we love the world dissapears
We're alive & never lonely

You're music
When we dance
Our hearts beat as one

You're music
You're music

You're music
You're music

... to me
