[Royce Da 5'9"]

Huh?

We the best, Twist' you at nigga c'mere

Sift ya lye.. c'mere

Extremely hard to be the king of a city it's dis

A nigga that could twist like this

A nigga that could rip any shit that he get

Never balk and come with a metaphor like this

Flow like dis, never broke but flow for the dough like
this

Never been a nigga that you know like dis

Cold like dis, but ah, it's just me and D-Mo like dis

Respect is a must, got every nigga in every hood
checkin for us

Never catch us catchin the bus

Niggaz got whips, niggaz got loot,

niggaz got troops, got guns, got clips (what)

Next big thing, iced watch to go with the necklace ring

Iced out to go with the rest it seems

More or less the more of the best you seen

Big buzz, only rollin with big thugs

We get in clubs you know you gettin ya shit bust

Not too many ducks is goin against us

If ya don't know now, you'll know when ya lift up

Rhyme till I can't rhyme no more, ball till I can't ball no
more

Till I'm 5'9" no more, till the ice can't shine no more

Which ever comes first, let's go nigga

[Hook - 2X]

Who the fuck want what?!

Who the fuck want what, want what?!

[Twis] Playa tell me why you hatin, cuz you the one take

[Twis] that from a nigga that'll open you up

[Twis] You gotta send the deck up when we holla

[Royce Da 5'9"]

One of a hundred niggaz'll hate my shit

Eighty-nine'll bite, the other ten'll think of comin alike

Cuz my shit when it come to the mic, 99 outta 100'll like

Never disrespect a nigga grippin the tec, it's my shit
Put the flow in affect with my clique
Go to the death, flow the best, my spit - I'm sick, it's my
shit
Try to get slick and niggaz is gettin hit
You don't want that do you? It comes back to you
And I ain't even tryna rap to you, so suck my dick, it's
my shit
Too many willin to pin ya in rap
put a endin to that, do the math with me
Straight to the lab, we're sendin you back
Keep going, you know that no one can last wit me
Stay armed with the biggest of arms, got bitch-niggaz
hittin alarms
Every rhyme is strictly writtin to harm
This my shit, keep every word of every verse in position
to launch
Never gon' fail, never got plans of catchin a L
I'ma forever prevail, whatever you yell
It's my world, everything else, c'mon nigga

[Hook - 2X]

{*pause*}

[Royce talking *beat slowly returning*]
Motown, uhh..
Chi-town.. 5'9..
Twista, let's go nigga uhh

[Twista]

Tell me who the fuck want what
Whatchu murderous niggaz is ready to make the deck
go up?
I could cause a scene to make you throw up
Put a bullet in yo' gut, bat em down and leave the sto'
cut
Cuz homie you ain't got no choice ta,
Dat why you runnin to a real rida like Twista, or Roysta
Let the thirty caliber annoint ya
Whodie won't even know he hit till he feel his shirt
suckin the moisture
Voice ya opinion if ya want to
Kick-ass winner, kick up dust in the middle of the arena
Subpeona motherfuckaz like the courts do
We'll blast shortly ya nuts bust and it won't be a
misdemeanor
We them niggaz that'll come approach ya
Shockin ya body our Bacardi keeps all ya nerves from
bleedin
Until we heard no breathin - two undercovers,

we comin we get the dirty even; they know it's servin
season
Shit is good as gone, cuz I gotta bring the goodies
home
The petty packin penny brushin with the pretty pearl
handle
Pistol, Pelle Pelle pants and the hoodie on
And you comin with the Midwest shit?
Remember how we took you, you trippin off how we did
that shit
Somebody tell me where the weed at
Some niggaz knew I was about to snap so he hid that
shit
I was gon' get buck - come hard - get crunk
Go into a thing and let the rhyme ride,
and hit them niggaz from the blindside
And take the whole opposition down with my dog 5'9
Ceremony for the killaz, bustin em off,
and comin off so you can bust yo' nut
Though I'm bout to bust yo' guts
But if yo' operation is hatin, who the fuck want what?

[Hook - 4X]

beat continues then fades out
