I am afraid of you now Now that you left me Nothing I can say No not now Now that you left me

Now that you left me Now that you left me

Just for how long Did you know before you left me? Nothing to do It's up to you Use it against me

Use it against me Now that you left me You are ahead of me now Because you left me Words that I said All yours now Use it against me

You have erased me Now that you left me

I'll be gone I'll be gone

I'll be gone I'll be gone

I'll be gone

I'll be gone

I'll be gone I'll be gone
