I came home in the morning  
And everything was gone  
Oh, what have I done?  
I dropped dead in the hallway  
Cursing the dawn  
Oh, come on sun  
Why must I burn?  
I'm just trying to learn

I stared into the light  
To kill some of my pain it was all in vain  
?Coz no senses remain  
But an ache in my body  
And regret on my mind  
But I'll be fine

?Coz I live and I learn  
Yes, I live and I learn  
If you live, you will learn  
And I live and I learn

God, kicked you in the head  
So I started a fight  
'Coz I knew I was right  
But I learned I was wrong  
I remember a slaughter  
I remember I fought  
For the money I brought  
I got blistered and burned

And lost what I earned  
But I lived and I learned  
Yes, I lived and I learned

I got, I got it now  
I got, I got it now  
She's got, she's got it now  
I got, I got it now  
She's got it now  
I got, I got it now  
She's got, she's got it now

I came to on a corner  
Want some help from a man  
And goddamn I don't seem to have learned  
That a lady in need is guilty indeed  
So I paid and got laid in return  
And I don't know what I've learned

Well, you get what you give  
And hell, yes, I'll live  
But if you live as you learn  
I don't think I can learn  
Oh with the sun in my eyes  
Surprise, I'm living a life  
But I don't seem to learn  
No, I don't think I can learn
