I don't know what you're looking for
You haven't found it baby, thats for sure
You rip me off, you spread me all around
In the dust of a deartide?
And this is no case of lust you see
Its not a matter of you versus me
Its fine the way you want to be on your own
But in the end its always me alone

I'm losing my favourite game
You're losing your mind again
I'm losing my baby, losing my favourite game

I only know what I've been working for
I know you so I could love you more
I really thought that I could take you there
But... nice termin??? - is not getting us anywhere
I had a vision I could turn you right
A stupid mission and a legal fight
I should have seen it when my hope was new
My heart is black and my body is blue

And I'm losing my favourite game
You're losing your mind again
I'm losing my favourite game
You're losing your mind again

I'm losing my baby, losing my favoutite game
I'm losing my favourite game (losing my favourite)
You're losing your mind again (I try)
I try but you're still the same (I try)
I'm losing my baby
You're losing a saviour and saint
