

## Cardigans "The Model"

She's a model and she's looking good  
I'd like to take her to my place  
She's working coolly, she won't be touched by anyone  
Though, before the camera she shows what she can do

In the night club she's drinking only Champagne  
And has checked out every man  
In the floodlight her young smiles glitter  
She's looking good, and beauty will be paid

She exposes herself for consumer products  
And is being seen by millions of eyes  
Her new cover is simply gorgeous  
I must see her again, I know she's made it
