Hello, baby and baby don't you remember me?  
Hello, baby and baby don't you remember me?  
Yes, I'm the guy, Lord that travel both land and sea

Lord, I come to see you, baby, Lord 'bout our love affair  
Lord, I come to see you, Lord 'bout our love affair  
Lord, what a path you weave and Lord your love ain't  
been nowhere

Yes, you got another man, baby, and Lord, please  
don't tell me no lie  
Yes, you got another man, Lord, please don't tell me no  
lies  
"Cause if I had to find out, baby, then Lord,  
somebody's bound to die

Lord, straighten up, baby, 'cause your daddy's comin'  
home  
Lord, straighten up, baby, 'cause your daddy's comin'  
home to stay  
Lord, straighten up, baby, and see things 'lil' Johnny's  
way
