"I Want To Hug You"

I want to hug you
and kiss you
and squeeze you
Till my arms fall

(again)

And baby by that
You know
I love you so

Just come walk a little closer baby
Let me show you what I mean

(again)

I want to hug you
and kiss you
and squeeze you
Till my arms fall off

You give so much trouble baby
You drive me out of my mind

(again)

I want to hug you
and kiss you
and squeeze you
Till my arms fall off

(again)

And baby by that
You know!
I love you so
