It gets harder every day, but I can't seem to shake the pain

I'm trying to find the words to say, please stay

It's written all over my face, I can't

Function the same when you're not here

I'm calling your name and no one's there

And I hope one day you'll see nobody has it easy,

I still can't believe you found somebody new

But I wish you the best, I guess.

'Cause everybody knows, that nobody really knows

How to make it work, or how to ease the hurt

We've heard it all before, that everybody knows

How to make it right, I wish we gave it one more try

One more try

One more try

'Cause everybody knows, but nobody really knows

I don't care what the people say

They're probably lonely anyway

Baby don't fill up your head with he-said, she-said

It seems like you just don't know

The radio's on, you tuning me out,

I'm trying to speak, you're turning me down

And I hope one day you'll see nobody has it easy,

I still can't believe you found somebody new

But I wish you the best, I guess.

'Cause everybody knows, that nobody really knows

How to make it work, or how to ease the hurt

We've heard it all before, that everybody knows

How to make it right, I wish we gave it one more try

One more try

One more try

One more try

'Cause everybody knows, but nobody really knows

Oh I wish you'd understand

Oh, just an ordinary man

Listen we'd have known

Everybody knows, but nobody really knows

And I know one day you'll see, nobody has it easy

I still can't believe you found somebody new

I wish you the best, I guess.

'Cause everybody knows, that nobody really knows  
How to make it work, or how to ease the hurt  
We've heard it all before, that everybody knows  
How to make it right, I wish we gave it one more try  
One more try  
One more try  
One more try  
'Cause everybody knows, but nobody really knows
