(Oh Oh Oh)  
She don't press me  
Not like she used to  
Everything that she don't do  
That's what I want, what I need

Sinking rapidly  
And that's when you sail through  
Let me sail away with you  
Everything that she won't do, you do for me

[Chorus]  
Say what you say (say)  
Floating away (way)  
Baby, I was drowning in my sorrow  
Couldn't see tomorrow today  
(Then you came)

Say what you say (say)  
We're floating away (away way)  
Now I see the solemn of horizons  
Now I know that I'll be ok  
Since you came yeah

12 am she leaves  
She don't say where to  
Won't see her again until 12 noon  
And she don't smell like me

(Oh) suddenly I see  
I see don't do what she used to  
She's found someone who  
Well, baby, needs you, so sorry

Say what you say (say)  
Floating away (way)

Baby I was drowning in my sorrow  
Couldn't see tomorrow today  
(Then you came)

Say what you say

We're floating away  
Now I see the solemn of horizons  
Now I think that I'll be ok  
(Since you came yeah)

[Bridge]  
Baby in all, we can just go  
Can't stay, lets sail away  
Open your eyes, say your goodbyes  
We'll cruse into paradise

Say what you say (say)  
Floating away (way)  
Baby I was drowning in my sorrow  
Couldn't see tomorrow today  
(Then you came)

Say what you say  
We're floating away (way) (way)  
Now I see the solemn of horizons  
Now I think that I'll be ok  
(Since you came yeah)

Say what you say (say)  
Floating away (way)  
Baby I was drowning in my sorrow  
Couldn't see tomorrow today  
(Then you came)
