Keep pushin on

Keep pushin on

Yeah

[verse 1]

First of the month

Check late

Got nothing to do (got nothing to do)

Imma roll me a blunt

Got drank

Call me a hoe or 2

Now i know that it sounds like im livin on the edge

(hmmm hmmm)

Homie he aint herd the worst

Got the whole house runnin on the generator

No good food in my fridgidator

And im late for work

[chorus]

Dont that sound bad

Horrible

No inspiration

No goals

I know it sound like

I wanna die

And i know im so miserable

But this just so happens to be

The best day of my life

[verse 2]

Now i dont wanna confuse ya

Im hurtin' on the inside

But i wont let u see (nah wont let u see)

Thats why every little dollar

And every little penny

Goes to putting a outfit on me

Cuz imma stay fresh to def just to impress the rest

U know how i do it when i do it

Imma show u how to do it so u can do it for sumbody
elsebut i still got the house on the generator
No good food in my fridgidator
And im late for work

[chorus]
Dont that sound bad
Horrible
No inspiration
No goals
I know it sound like
I wanna die
And i know im so miserable
But this just so happens to be
The best day of my life (my life mmm)

[bridge]
Myt look drunk
Pik up ice
Drink drink drink drink drink drink
Im talkin bout that bullshit
Im talkin like a newspaper
Im talkin bout the newspaper full of weed
Like the whole thang (hahaha)
And imm roll it up n smoke
Hey
Hit this lemme hit this
Imma let you think about you
And in the end
U got to let me do what i do

[chorus](x4)
Dont that sound bad
Horrible
No inspiration
No goals
I know it sound like
I wanna die
And i know im so miserable
But this just so happens to be
The best day of my life
