Remember when, I caught your eye,  
You gave me rainbows, and butterflies,  
We did enjoy, a happiness,  
When our love was over, I was such a mess,  
I smiled at you, and you smiled back,  
That's when I new, there's no turning back,  
You said you loved me, and I did too,  
Although it's over, I still love you

Chorus:

You're in my mind, you're in my heart,  
I wish I knew, right from the start,  
All my friends say, you'd break my heart,  
A heartbreaker, right from the start.

I tried to fight it, I tried so hard,

And everyday I'd pray to God,  
That you an me, were meant to be,  
But you had another, you had a lover,  
And now it's gone, I don't know why,  
I feel like crying, just wanna die,  
I can't look at you, and you know why,  
Know I tried so hard, to catch your eye

Chorus:(x2)

You're in my mind, you're in my heart,  
I wish I knew, right from the start,  
All my friends say, you'd break my heart,  
A heartbreaker, right from the start.
