"Shine"

They wait to plead their case, unknown cast aside.
I love to see their face, can we spare the light?
Are we afraid to see the prisoners of yesterday?
These beautiful minds, trapped inside.
Bring them back to life.

Let them shine.
Let them shine on.
Let them shine.
Let them shine on.

So dark, but I see sparks, if we don't snuff them out.
We gotta light them flame, let them speak their name.
Let them reach up to the clouds.
Can't eat if we don't feed them.
Can't read if we don't teach them.
There's no line if we just hide them.
Don't just let them die.

Let them shine.
Let them shine on.
Let them shine.
Let them shine on.

Stars flicker in the distance, lonely out in space.
They sing out when we're not listening, because we
don't see their face.
We can let them die, we can make them high.
Hold the little miracles that live inside.
Let them shine.

Let them shine.
Let them shine on.
Let them live.
Let them shine on.
Let them read on.
Let them shine on.
Let them grow.
Let them shine on.
Come on, let them love.
Come on, let them love.
Come on, let them love.

Yeah. Yeah.
Let them love.

Hold them close, let them know they'll get through the
night

Ordinary people could be a hero, don't blow out the
light.

Let them shine.

Let them shine on.

Let them shine.

Let them shine on.

Yeah. Yeah. Yeah.

Let them shine on.
