I realized as I lay down to sleep  
We haven't spoke in weeks  
So many things that I'd like to know  
Come have a talk with me

I need a sign, something I can see  
Why all the mystery?  
I try not to fall for make believe  
But what is reality?

Where do we go? What do we know?  
Life has to have a meaning  
Show me the light, show me the way  
Show that you're listening

Show me that you love me  
Show me that you walk with me  
Hopefully just above me  
Heaven's watching over me

Guess it's funny how I say thanks to you  
For all you've given me  
And sometimes the price of what you gave to me  
Is I can't stop questioning

Oh, God of love, peace and mercy  
So why so much suffering?  
I pray for the world, it gets worse to me  
I wonder if you're listening

When people go, why do they go?  
Why don't you choose me?  
But someday I know that I'm gonna go  
I hope you're waiting for me

Show me that you love me  
Show me that you walk with me  
Hopefully just above me  
Heaven's watching over me

Show me  
To show me

Maybe we'll talk some other night  
Right now I'll take it easy  
Won't spend my time waiting to die  
Enjoy the life I'm living

Show me that you love me  
Show me that you walk with me  
Hopefully just above me  
Heaven's watching over me

Show me that you love me  
Show me that you walk with me  
Hopefully just above me  
Heaven's watching over me
