Oooh Oooh Oooh

We've been together for a while now  
We're growing stronger everyday now  
It feels so good and there is no doubt  
I will stay with you  
As each morning brings sunrise  
And the flowers bloom in springtime  
On my loving you can rely  
And I'll stay with you

Oh I'll stay with you through the ups and the downs  
Oh I'll stay with you when no one else is around  
And when the dark clouds arrive  
I will stay by your side  
I know we'll be alright  
I will stay with you

Though relationships can get old  
Have the tendency to grow cold  
We have something like miracle  
Yeah  
And I'll stay with you

Oh I will stay with you through the ups and the downs  
Oh I will stay with you when no one else is around  
When the dark clouds arrive  
I will stay by your side  
I know we'll be alright  
I will stay with you

There'll be heartaches and pain,  
Yeah  
Through it all, we will remain  
Heey  
In this life, we all know  
Friends may come, and they may go  
But through the years I know  
I will stay with you  
In the end I know that we'll find  
Love so beautiful and divine  
We'll be lovers for the lifetime, yeah  
And I'll stay with you

Oooh  
I will stay with you

Oh I will stay with you through the ups and the downs  
Oh I will stay with you when no one else is around  
And when the dark clouds arrive  
I will stay by your side  
I know we'll be alright  
I will stay with you  
Oh Everything will be fine  
And I will stay with you  
Through the end of all time  
I will stay with you
