Oh la la la la laaa
Yeah, yeah

We danced and sang, somewhere in between heaven
and hell
Gabrielle, that was her name
Everyone was smiling, even through their tears, under
her spell
But in Gabrielle's eyes - nothing
I asked: Do you not like the music?
She said: It's alright
But she dances to her own side
So she sa^{Ã½}s:

Take me away from here
Take me somewhere, where love is like breathing
I don't care where we go as long as I'm there with you,
baby
Long as I'm there with you

I could tell, she's been through pain I could only dream
Nightmares live where you live
Tears well in her eyes, but she wouldn't let them fall
I give the world to know where her smile is
I asked: Do you dance with me now?
Let me try to figure out
The fastest route out of town
And she says:

Take me away from here
Take me somewhere, where love is like breathing
I don't care where we go, long as I'm there with you,
baby

Oh oh yeah yeah yeah
I got a full tank of gas, girl
Anywhere you wanna go, girl
All you have to do is ask girl
Oh, she said:

Take me away from here
Take me somewhere, where love is like breathing

I don't care where we go, long as I'm there with you,
baby

Come on and take me away from you
Take me somewhere, where love is like breathing
I don't care where we go, long as I'm there with you
