Sister there's a wind that never dies
Sister we're breathing together
Sister our love and hopes
Forever keep on moving
Oh so slowly in the world

{Chorus}:
They gave you sunshine
They gave you sea
They gave you everything
But the jailhouse key
They gave you coffee
They gave you tea
They gave you everything
But equality

Angela can you hear
The earth is turning

Angela the world watches you
Angela you soon will be returning to Your sisters and
brothers in the world

Sister you're still a people teacher
Sister your world reaches far
Sister there's a
Million different races
But we all share the same
Future in the world

{Chorus}

Angela they put you in prison
Angela they shot down your man
Angela you're one of the millions of Political prisoners
in the world
