"Give Me Something"

The food is cold
Your eyes are cold
The window's cold
The bed's cold

Give me something that's not cold, come on, come on
Give me something that's not cold, come on, come on
Give me something that's not cold, come on, come on
Give me, give me, give me

The chair's hard
Your voice is hard
The money's hard

The living's hard

Give me something that's not hard, come on, come on
Give me something that's not hard, come on, come on
Give me something that's not hard, come on, come on
Give me, give me, give me

I'll give you my heartbeat
And a bit of tear and flesh
It's not very much but while it's there
You can have it, you can have it
