Who could change
Or rearrange
The love I have for you
Who could feel
The way I feel
The way you make me do

Nothing I can say
Will make this feeling go
Nothing I will say
No word no thought will show
Take it away, take it away
From me, from me

Who could know
Begin to show
The love before my eyes
Who could dream
Know what it means
Of love the way you do

Somewhere in this
Crazy Dream
That we call life
Someone who can give
You time and rest from strife
Take it away, take it away
From me, from me

Who could change
Or rearrange
The love I have for you
Who could feel
The way I feel
The way you make me do

Who would know
Or even show
Their dream before my eyes
Who would try
So hard they cry
And never say a word

Who can see
The way you see
I'm down upon my knees
Who can hide
The hurt inside
In love that's part of you

Who has thought
Of no-one else
No love no dream denied
Who has made my life complete
The reason that I live
You. You. You. You. (Repeat and fade)
