(Chorus)

What kind of Pokémon are you?

How do you do the things you do?

Share with me your secrets deep inside

What kind of Pokémon are you?

Are you loyal through and through?

And do you have a heart that's true?

What kind of Pokémon are you?

Take your NORMAL type like Jigglypuff

Against the GHOSTly Gengar the battle's real tough

Thunderbolt's a great ELECTRIC attack

'Til you get GROUND down by a Marowak

(What kind of Pokémon are you?)

(How do you do the things you do?)

Don't ya BUG me with a Caterpie

For a FLYING type the win's easy

Good luck with Muk and its POISON gas

Make one wrong move and it'll kick your GRASS.

Repeat Chorus

Reach higher with FIRE - go Flareon!

Think twice about ICE to be number one

Water's in order if you wanna be slick
Mewtwo's the best when you get PSYCHIC
(What kind of PokÃ©mon are you?)
(How do you do the things you do?)
Hitmonlee's the key for your FIGHTING mood
And you can ROCK n' roll with Geodude
Dratini comes first when you choose DRAGON
But evolution's the solution if you're gonna win!
Repeat Chorus
Keep on training so you're stronger and faster
Just can't stop 'til your power I master
My plan is this...I gotta catch 'em all
Get 'em in my PokÃ©Ball
Repeat Chorus 2X
