You and I couldn't get along
So our love, it wound up on
The Rocks of Reno
I loved you and you loved me
But all we did was disagree
About everything but Reno
All the love we'd ever found
We lost the night it ran aground in Reno
On the rocks that break the ties
But heartache in disguise
The Rocks of Reno
We did wrong by leaving home and coming here to
part
And although I've taken off my ring,
You're still here in my heart
So let's go back to our home town
Try again to settle down, 'cause we know
That our love just can't be stopped
Even by the lonely rocks,
The Rocks of Reno
