"The Little Wind-up Doll"

Ever since I first met you darling
I have had to love you secretly
But now I'm sending you this little wind-up doll
To say, "I love you, darling" for me.
This little wind-up doll,
This little wind-up doll,
That I am sending, doll, to you
Just take this wind-up doll
And wind the wind-up doll
And it will whisper "Darling, I love you."
If ever late at night, you think of me
Just wind the wind-up doll and let it go
And it will walk right into your loving arms
And tell you just how much I love you so.
This little wind-up doll,
This little wind-up doll,
That I am sending, doll, to you
Just take this wind-up doll
And wind the wind-up doll
And it will whisper "Darling, I love you."
And it will whisper "Darling, I love you."
