What would you take for me, darling

A Cadillac or an M.K.

A twenty room mansion in Memphis

With a big high, wrought iron gate

Chorus

What would you take for me, darling

What would it cost me to stay

Cause whatever the price

I'd spend me whole life

Getting up the money to pay

What would you take for me, darling

Do trips to foreign distant lands

And diamonds and such

Mean more than the touch

Of your true lover's hand

Chorus
