I'd rather be the devil and I will leave my woman's ?  
mane?  
Yes, I'd rather be the devil and I will leave my woman's  
?mane?

Nothing but the devil knows my baby's  
Nothing but the devil knows my baby's name  
Well, I laid down last night and I was trying to take my  
rest  
Yes, I laid down last night, I was trying to take my rest

My mind starts a-rambling like the wild geese in the  
Mind starts a-rambling like the wild geese in the west  
The woman I love, though she's evil all the time
