May you never lay your head down without a hand to hold

May you never make your bed out in the cold

Verse 1

Your just like a great strong brother of mine and you know that I love you true

You never talk dirty behind my back and I know there are those that do

Won't you please, won't you please, won't you bear in mind

Love is a lesson to learn in our time

Won't you please won't please won't you bear in mind for me

May you never lay your head down without a hand to hold

May you never make your bed out in the cold

Verse 2

And your just like a good warm sister me and you know that I love you true

You hold no blade to stab me in the back and I know that some do

Won't you please won't you please won't you bear in mind

Life is a lesson to learn in our time

Won't you please won't you please won't you bear it mind for me

May you never lay your head down without a hand to hold

May you never make your bed out in the cold

Repeat verse 1

May you never lose your temper if you get hit in a bar room fight

May you never lose your woman over night

May you never lay your head down without a hand to hold

May you never make your bed out in the cold

May you never lose your temper if you get hit in a bar room fight

May you never lose your woman over night x3
