Get down mama to my sugar cube
Get down mama, won't you try to make it move, my
sugar cube
My sugar cube
Come on mama, try to lose your mind
Get down and spend some time on my sugar cube
Gonna sweeten your night and sweeten your day
It's so much sweeter you're just gonna be amazed at
my sugar cube
My sugar cube
Down mama, won't you lose your mind
Won't you please get down and try to lose your mind on
my sugar cube
I?... shovel shit? and I don't care to ?vote?
You know they love me from coast to coast, my sugar
cube
My little sugar cube
Come on mama, won't you lose your mind
Get down and waste some time on my sugar cube

Get down mama on my sugar cube
Please get down, won't you try to make it move, my
sugar cube
My sugar cube
Come on mama, won't you lose your mind
Won't you please get down, try to spend some time on
my sugar cube
