"Go Down Easy"

You curl around me
Like a fern in the spring
Lie down here
Let me sing the things you bring

And we can go down easy
Oh, my lover, we can go down easy
Oh, my darling, we can go down easy

You come up and see me
With your big brown eyes
Come around to my place
You know I'll sympathize you

And we can go down easy
Oh, my lover, we can go down easy
Oh, my darling, we can go down easy

I won't be fancy
But I will be free
You know I love you
And you can really talk to me

And we can go down easy
Oh, my darling, we can go down easy
Oh, my lover, we can go down easy

You curl around me
Like a fern in the spring
Lie down here
Let me sing the things you bring

And we can go down easy
Oh, my lover, we can go down easy
Oh, my darling, we can go down easy
