Goin' back to California  
So many good things around  
Don't wanna leave California  
The sun seems to never go down

Some people may treat you ugly  
Some treat you beautiful too  
That's the way life is all over  
So look for the good things for you

California, so many things to be free  
California, that's where I wanna be  
California, so many place for home  
California, I'll be back there be for long  
I'll be back there be for long  
I'll be back there be for long

California, that's where I wanna be  
California, I'll be back there for long  
I'll be back there be for long  
I'll be back there for long  
I'll be back there for long
