The time must surely come  
For the laws to fit the times  
The time must surely come  
For the laws to fit the times

But while the law is standing  
You gotta open up your minds

It seems to be the fashion  
To say you're right and they are wrong  
It seems to be the fashion  
To say you're right and they are wrong

But you gotta see both sides  
You'll find yourself in jail 'fore long

You're screamin' at policemen  
But they're only doin' a gig  
You're screamin' at policemen  
But they are only doin' a gig

Gotta try and take the time  
To figure out how the issue got that big

Lenny Bruce was trying to tell you  
Many things before he died  
Lenny Bruce was trying to tell you  
Many things before he died

Don't throw rocks at policemen  
But get the knots of law untied

Every time you're holdin'  
You are guilty of a crime  
Every time you're holdin'  
You are guilty of a crime

The laws must change one day  
But it's goin' to take some time
