Just a silly kind of quarrel
When we made each other wild
Just a silly kind of quarrel
When we made each other wild
Maybe both of us were wrong
But somebody's acting like a child

You shouldn't have been so selfish
I shouldn't have walked out
You shouldn't have been so selfish
I shouldn't have walked out
It makes you kind of wonder
What love is all about

Now I've gone and lost my feelings
Ever since you got me riled
Now I've gone and lost my feelings
Ever since you got me riled
Maybe we should talk it over
Somebody's acting like a child
