Have you heard about my baby?
Yes, how I love her, you don't know
Have you heard about my baby?
How I love, how I love her, you don't know
I declare it hurt me so bad
Yes, when I heard she'd got to go

Have you heard about my baby?
Yes I tried, yes I tried, but I let her down
Heard about my baby?
Ooh yes, I tried and I let her down
Ooh, she burned me with her love
Yes, no other, no other will wear her crown
Yes, indeed

Have you heard about my baby?
Where she gone, where she gone, I just don't know
Yes, have you heard about my baby?
Ooh, where she gone, where she gone, I just don't
know
Well, if you should see my baby
Yes, please tell her that I love her so
Yes, no more next time
